Certificate ID: CSS/CSIR-NML/0110082026

**Security Clearance Certificate against WAPT for CSIR - National
Metallurgical Laboratory.**

Name of the Organization: CSIR - National Metallurgical Laboratory.

Audited URLs: <https://gov.indusnettechnologies.com/csirnml/>

Production URLs: <https://nml.res.in/>

Report Reference Number: CSS/INT/NML/26-27/S2/0206082026.

Audit Performed by: Mr. Dipon Kundu.

Issuing Date: 10th August 2026.

Validity of Certificate: 20th July 2027.

Testing Period:

1st Assessment: 16th July 2026 – 21st July 2026.

2nd Assessment (Compliance / Verification): 28th July 2026 – 06th August 2026.

Recommendations:

- The application is deemed **safe for hosting** as on the date of assessment, subject to the scan policies and testing conducted.
- All reported vulnerabilities have been fixed, and the application is free from vulnerabilities **as per CERT-In standards, OWASP Top 10 (2021), and SANS Top 25 benchmarks.**
- It is **advisable to conduct periodic audits** in the absence of content/environment changes, and **mandatory audits** in the event of any modifications to the application or hosting environment.
- The validity of this certification is restricted to the period of testing. Any future changes in application, environment, or non-adherence to required security practices may affect this compliance status.

Mr. Avijit Dutta
